Rigorous Checking and Preparation

Our Honda 'Multipoint' check, carried out by Honda trained technicians, ensures that your new car meets our high quality standards. Our multi-point check includes lighting equipment and instruments, steering and suspension, brakes and even body work. Your car will also undergo a detailed engine check and a thorough road test for your safety and satisfaction as well as an in-depth valet and polish so that it's fully prepared when you come to drive it away.
